Rotary Global Hub

WE ARE THE ROTARY GLOBAL HUB

Our members are direct members of Rotary, an innovation to stay relevant in the modern world. We are a new model intended to complement and work alongside existing clubs. The Hub connects like-minded people who share a passion for specific causes, locally, nationally and internationally. Like all other club models we commit to the values and ethics of Rotary and want to share friendships to make a positive impact in the world.

The Hub is new, it is evolving, we are creating it as we go. How it works is up to our members. Our structure is informal and fluid with like minded people sharing their passions with each other within and outside the hub to unite action.

"The Hub connects like-minded people who share a passion for specific causes, locally, nationally and internationally."

Rotary Global Hub

MAKE A CONNECTION

We are making the most of all the latest technologies to facilitate people in connecting and collaborating and our service will either be done by these informal clusters or in collaboration with other clubs which may be local to where we live or chartered in another country! It is all about doing good in the world, without the other aspects of traditional club models.

We are working hard with others to make the initial experience breathtaking; utilising all the resources of Rotary, its Fellowships and Action Groups. Our ambition is to give our members an on-boarding experience that introduces them to a variety of Rotary experiences offered globally and signpost them to resources and expertise to live out their passion wherever they choose. Put simply, we embrace: Join Leaders, Exchange Ideas, Take Action.

"We are making the most of all the latest technologies to facilitate people in connecting and collaborating."

Rotary Global Hub

WORKING SIDE-BY-SIDE

Far from being a threat to the traditional club model we will serve as a recruitment initiative for the family of Rotary. We are also experiencing the need to offer a retention opportunity for those Rotarians whose clubs are closing or similar reasons.

During our 115 years of history the world of volunteering has evolved and so must Rotary. We welcome members for short periods of transition, episodic opportunities to serve or for the long term. If one of our members finds a home elsewhere in Rotary, or a number of members decided to charter their own club we celebrate with them.

This passport to the world costs just £10 a month and we are putting £25 a year into the district of residence (or nominated district for those who reside outside the UK). We are also working to have membership numbers and Foundation giving credited in the same way. This way everybody wins and the future of Rotary will be brighter.

£10 This passport to the world costs just £10 a month.

"During our 115 years of history the world of volunteering has evolved and so must Rotary."
