

Spending too much time on HR and not enough on your practice?

Offload the burden of HR and Health & Safety management to Stream Dental HR and enjoy the peace of mind that comes from knowing your employment practices are compliant, and handled by experienced HR professionals who are friendly, eager to provide assistance, and always have your best interest in mind.

Best Practices for Your Practice.

Our team of certified HR and Health & Safety specialists becomes an extension of your business operations. Our clients range in size from 3 employees to 250 employees, relying on us for both strategic and operational HR support. Our HR and OHS services are customized to meet the needs of your business and growth plan.

Human Resources

We develop your HR systems including employee handbook and customized HR library to keep your business protected.

Health & Safety

We help you meet employment standards to ensure compliance and create a safe and healthy workplace

Practice Support

Need OHS or WHMIS training? Have an inspection coming up or have an HR question? Get access to a team of advisors that are on your side.
