

XXV Lighting Seminar IES México – Voices of Light

Call for Speakers

Lighting Seminar IES México

For more than 25 years, this annual meeting forum for professionals who exchange ideas, inspiration and knowledge has been carried out successfully, allowing a space for gathering and networking. The average influx of the last in-person seminars has been more than 200 national and international participants related to lighting, such as designers, architects, engineers, manufacturers, dealers, installers, scientists, and utility personnel.

Today we can affirm our Seminar has become the most important lighting event in Mexico and is recognized throughout the world because the most influential and prominent national and international speakers participate, sharing their knowledge and experience, and giving a true testimony of the professionalism shown in the organization of the event, as well as the warmth and hospitality of our country and the local lighting community.

XXIV Lighting Seminar IES México – Voices of Light May 3 - 4, 2023 – In-Person Event – Centro Asturiano in Mexico City

Proposal Submission

The Organizing Committee of the XXV Lighting Seminar IES Mexico invites individuals with knowledge and experience on lighting and related disciplines, to put forth a presentation proposal to be included as part of the sessions of the seminar, which are focused on disseminating knowledge and educating about aspects related to lighting. The presentations must follow the non-commercial IES policy (do not include trademarks or commercial names).

The requirements for submitting proposals are:

- Title of the paper/conference
- Name, position, background, and photograph of the speaker (or submit a full CV instead)
- Proven experience as a speaker at similar seminars or forums
- Abstract describing the content of the conference (100 words maximum)
- Abstract describing the relevance of the conference (100 words maximum)
- The presentation can be in Spanish or English.
- Sessions last 40-45 minutes, plus additional time for questions and answers
- Submission of proposals to: seminario2023@iesmexico.org and gabriela.mendez@iesmexico.org

Maximum date of proposal submission:	March 24, 2022
Date of acceptance notification:	March 31, 2022
Date for submitting final presentation:	April 26, 2022
