Employment Readiness

We help prepare individuals for meaningful and rewarding work experiences by supporting them to build the emotional and intellectual strength and resilience to actively and productively contribute to a workplace.

Outcomes:

- Greater awareness and understanding of how to thrive in a work environment
- Ability to express self clearly, and engage in dialogue
- Willingness to assume responsibility
- Develop self-empowerment
- Strong coping and self-regulating skills

Service Excellence

We work with individuals to build their capacity to embody service excellence in all aspects of their lives - serving others inside and outside offices, businesses and communities.

Outcomes:

- Increased awareness of the importance of service
- Improved tourism and hospitality service quality
- Enhanced relationships
- Respectful communication, even in challenging situations
- Able to remain present, calm and focused

Personal Development

We provide an uplifting life-skills and enhancement experience that enables individuals to see, recognize and celebrate their unique gifts and live in harmony with themselves and others. A voyage of self-discovery.

Outcomes:

- Self-awareness, self-confidence, and self-respect
- Clarity & focus of goals, aspirations, and motivations
- Effective, authentic communication
- Able to foster healthy and productive relationships

Leadership Capability

We coach and train individuals to be able to assume leadership roles and contribute to the betterment of communities and businesses by getting actively involved themselves as well as coaching and mentoring others

Outcomes:

- Ability to express themselves clearly and effectively
- Greater influence and impact
- Able to coach, encourage and support others
- Enhanced leadership capability for self, and the ability to develop it in others.

“I am committed to respectfully collaborating with leaders to build sustainable capacity in people, communities and businesses.”
