Financial Policy

Worker's Compensation "on the job injury"

- ❖ Prior to seeing the doctor, you must have reported your work injury to your supervisor/employer. If your employer, at the time, told you to see a company doctor, you must see that doctor for the first 30 days.
- ❖ You may request to see a chiropractor, but you may be required to choose from a list provided by your Worker's Compensation Insurance Company.
- ❖ Please cooperate with the front desk staff in completing all the necessary forms to bill.
- ❖ Worker's Compensation pays in full for chiropractic care.
- ❖ Recommended vitamins and supplements are not covered and must be paid in full.

Política financiera

Compensación del Trabajador " Lesión n el trabajo"

- ❖ **Antes de ver al médico, usted debe haber informado de su lesión de trabajo a su supervisor / empleador. Si su empleador, en ese momento, le ha dicho a ver a un médico de la empresa, usted debe ver a ese médico durante los primeros 30 días.**
- ❖ **Usted puede solicitar ver a un quiropráctico, pero se le puede pedir a elegir de una lista proporcionada por la compañía de seguros de compensación de su trabajador.**
- ❖ **Por favor cooperar con el personal de recepción en la realización de todos los formularios necesarios para facturar.**
- ❖ **Compensación del trabajador paga en su totalidad para el cuidado quiropráctico.**
- ❖ **Las vitaminas recomendadas no son cubridas por compensación del trabajador y deben ser pagas en tu totalidad.**

Privacy Notice Form

This notice describes how chiropractic medical information about you may be used, how it may be disclosed and how you can get access to this information. Please review it carefully.

In the course of your care as a patient at Cater Chiropractic we may use or disclose personal and health related information about you in the following ways:

- *Your personal health information, including your clinical records, may be disclosed to another party, such as an insurance carrier, an HMO, PPO, or your employer, if they are responsible for the payment for your services.
- *Your name, address, phone number, and your health case records may be used to contact you regarding appointment reminders, information about alternatives to your present care, or other health related information that may be of interest of you.

If you are not at home to receive an appointment reminder, a message may be left on your answering machine. Further, you have the right to inspect or obtain a copy of the information we will use for these purposes. You also have the right to refuse to provide authorization for this office to contact you regarding these matters. If you do not provide authorization it will not affect the care provided to you or the reimbursement avenues associated with your care.

Under federal law, we are also permitted or required to use or disclose your health information without your consent or authorization in these following circumstances:

- *If we are providing health care services to you based on the orders of another health care provider.
- *If we provide health care services to you in an emergency.
- *If we are required by law to provide care to you and we are unable to obtain your consent after attempting to do so.
- *If there are substantial barriers to communication with you, but in our professional judgement we believe that you intend for us to provide care.
- *If we are ordered by the courts or another appropriate agency.

Any use or disclosure of our protected health information, other than as outlined above, will be made upon your written authorization.

We normally provide information about your health to you in person at the time you receive chiropractic care from us. We may also mail information to you regarding your health care or about the status of your account. If you would like to receive this information in a different form, please advise us in writing as to your preference.

Privacy notice form continued

You have the right to inspect and/or copy your health information for seven years from the date that the record was created or as long as the information remains in our files. In addition, you have the right to request an amendment to your health information. Request to inspect, copy or amend our health related information should be provided to us in writing. We are required by state and federal law to maintain the privacy of our patient file and protected health information therein. We are also required to provide you with this notice of our private practices with respect to your health information.

We are further required by law to abide by the terms of this notice while it is in effect. We reserve the right to alter or amend the terms of this privacy notice if changes are made to our privacy notice we will notify in writing as soon as possible following the changes, any changes to our privacy notice will apply for all of your health information in our files.

Information that we disclose based on this privacy notice may be subject to re disclosure by the person to whom we provided the information and may no longer be protected by the federal privacy rules.

If you have a complaint regarding our privacy notice, our privacy practices or any aspect of our privacy activities you should direct your complaint to: **Dr. Gregory H, Cater D.C**

This office utilizes an "open-adjusting" environment for ongoing patient care. "Open adjusting" involves several patients being seen in the same adjusting room at the same time. Patients are within sight of one another and some ongoing routine details of care are discussed within earshot of the patients and staff. This environment is used for ongoing care and this is NOT the environment for taking patient histories, providing examinations or presenting report of findings. These procedures are completed in a private confidential setting. The use of this format is intended to make you experience with our office more efficient and productive as well as to enhance your access to quality health care and health information. If you choose not to be adjusted in an open-adjusting environment, other arrangements will be made for you.

This notice is effective as of April 14, 2003. This notice, and any alterations or amendments made hereto will expire seven years after the date upon which the record was created. My signature acknowledges that I have received a copy of this notice.

Name Printed: _____

Informed Consent

I hereby request and consent to the performance of chiropractic adjustments and other chiropractic procedures/examinations including various models of physical therapy and diagnostic x-ray. On me (or by the patient named below, for whom I am legally responsible) by the doctor of chiropractic named below and/or other licensed doctors of chiropractic who are now, or may be employed in the future, treat me at this clinic. I understand that results are not guaranteed.

I understand and I am informed that, as in the practice of medicine, in the practice of chiropractic, there are some risks to treatment, including, but no limited to fractures, disc injuries, strokes, dislocations, sprains and burns. I do not expect the doctor to anticipate and explain all risks and complications. I wish to rely on the doctor to exercise judgment during the course of the procedure which the doctor feels at the time, based upon all factors then known, is in my best interest.

The probability of these risks occurring. Fractures are rare occurrences and generally result from some underlying weakness of the bone which we check for during the taking of your history and during examination and x-ray. Stroke has been the subject of tremendous disagreement. The incidences of stroke are exceedingly rare and are estimated to occur between one in one million and one in five million cervical adjustments. The other complications are also generally described as rare.

The availability and nature of other treatment options

Other treatment options for your condition may include:

- ❖ Self-administered, over-the-counter analgesics and rest
- ❖ Medical care and prescription drugs such as anti-inflammatory, muscle relaxants and pain-killers.
- ❖ Hospitalization/Surgery

If you chose to use one of the above noted "other treatment" options, you should be aware that there are risks and benefits of such options and you may wish to discuss these with your primary medical physician.

The risks and dangers attendant to remaining untreated: Remaining untreated may allow the information of adhesions and reduce mobility which may set up a pain reaction further reducing mobility. Over time this process may complicate treatment making it more difficult and less effective the longer it is postponed.

Patient's Signature: _____ Date: _____

Consentimiento informado

Yo solicito y doy consentimiento para la realización de los ajustes quiroprácticos y otros procedimientos quiroprácticos / exámenes, incluyendo varios modelos de terapia física y de diagnóstico por rayos x en mí (o por el paciente mencionado, por el cual yo soy legalmente responsable) por el médico quiropráctico mencionado a continuación y/u otros médicos con licencia de la quiropráctica que están, o que estarán empleados en el futuro, me tratan en esta clínica. Yo entiendo que los resultados no están garantizados.

Yo entiendo y estoy informado de que, como en la práctica de la medicina, en la práctica quiropráctica, hay algunos riesgos de tratamiento, incluyendo, pero no limitado a fracturas, lesiones de disco, accidente cerebrovascular, luxaciones, esguinces y quemaduras. No espero que el médico anticipe y/o explique todos los riesgos y complicaciones. Deseo confiar en el médico para ejercer juicio en el curso del procedimiento que el médico sienta en ese momento, sobre la base de todos los factores conocidos hasta entonces, es en mi mejor interés.

La probabilidad que estos riesgos se produzcan: Las fracturas son ocurrencias raras y generalmente son el resultado de alguna debilidad subyacente del hueso, que revisamos durante la toma de su historia y durante el examen y rayos x. Accidente cerebrovascular ha sido objeto de gran desacuerdo. La incidencias de accidente cerebrovascular son muy poco frecuentes y se estima que ocurren entre el encendido en un millón y uno de cada cinco millones de ajustes cervicales. Las otras complicaciones también se describen generalmente como raras.

La disponibilidad y la naturaleza de otras opciones de tratamiento

Otras opciones de tratamiento para su condición pueden incluir:

- ❖ autoadministrado, analgésicos de venta libre y reposo
- ❖ Atención médica y los medicamentos recetados tales como antiinflamatorios, relajantes musculares y analgésicos.
- ❖ Hospitalización / Cirugía

Si opta por utilizar una de las opciones anteriores señaladas "otros tratamientos", debe tener en cuenta que existen riesgos y beneficios de tales opciones y es posible que desee hablar sobre esto con su médico primario.

El asistente de riesgos y peligros de permanecer sin tratar: Lo que queda sin tratar puede permitir la formación de las adherencias y reduce la movilidad, que podrá constituir una reacción de dolor reduciendo aún más la movilidad. Con el tiempo, este proceso puede complicar el tratamiento por lo que es más difícil y menos eficaz cuanto más tiempo se pospone.
