## Pricing

The fees of any transaction are important and we review our fees on a regular basis, taking into consideration client feedback to ensure that we always offer good value for money. We typically work on a fixed fee basis, so that from the outset you know what the fees will be for your transaction.

If during the transaction there is a new development which may incur further costs, we will discuss any changes in fees with you and agree a way forward.

## Exclusions

We do not undertake tax advice. We would recommend you seek advice from an independent financial adviser.

Our fees are fixed, however there may be factors which would typically increase the cost of the fees estimated above. Where there is likely to be any additional cost, we will make sure you are informed of this at the earliest opportunity and a clear estimate of those extra costs will be provided.

Factors that may lead to an increase in cost include:

- If a legal title is defective or part of the property is unregistered
- If you discover building regulations or planning permission has not been obtained
- If crucial documents, we have previously requested from you have not been provided to us
- If the property is a new build
- 

## Time Scales

For any transaction, the timescales are subject to change depending on when your offer is accepted and other factors such as:

- How many parties are in the chain
- Whether you have a mortgage in place
- Whether you are buying a new build property
- Whether you need a lease extension for a leasehold property

For any transaction, the timescales are subject to change depending on when your offer is accepted and other factors involved. A typical transaction will take between 10-14 weeks. However, if any of the above apply, or there are other factors we need to take into consideration, it may increase the time by a further 4-6 weeks and additional charges may occur. We will discuss this with you at the earliest opportunity so you always have a clear picture of how long things are likely to take.

With every transaction there are key milestones, which may vary according to individual circumstances. They may be as follows:
