

## Job description

**Solar Energy Consultant - Door to Door - SEE IMPORTANT BELOW:**

---

[Credible Solar](#) is hiring experienced solar consultants and door knockers in Texas and Oklahoma who are ready to join an industry with incredible growth and potential. There are multiple pay scales you can select from. **All applicants should have a goal to make at least \$80,000+ in their first year. Superstars are making \$200,000+ in annual commissions for the *simple* task of saving homeowners money on the electricity bill.**

You will have an opportunity to work as Credible Solar Energy Consultant earning experience with [solar energy in Texas](#) and [Oklahoma](#) and are passionate about working in the solar industry. We teach you exactly how solar works with the utility provider and how to transition homeowners to owning their own electricity. You can lead a horse to the river but you can't make the horse.. Door knocking is lucrative for those persistent and determined and we're looking for independent and ambitious people to join our team.

Starting off on the doors is a great way to gain legitimate experience in the fastest growing industry in the United States. If you get your foot in the door then you have an immediate opportunity to move up in the company!

Solar is projected to be the #1 producer of electricity in the world in the year 2050 and right now we're at the ground floor.
