

Why Puppy Paradise?

We would like to welcome you to the Island's most trusted doggie daycare, boarding, grooming and training facility! At Puppy Paradise, we treat your dog as one of our own. We pride ourselves in getting to know each individual dog as if he or she is a member of our family. We know who their friends are, where they like to be scratched, and what their favorite activity is.

Daycare. We are dog care professionals that provide a safe and fully supervised play environment. We are dedicated to giving your dog a day filled with socialization, affection, exercise and fun! Our fully air conditioned playrooms are grouped by size, temperament, and personality to make sure each dog is safe and comfortable. During doggie daycare, your pet will strengthen his or her social skills and most important, unleash pent up energy and boredom! Each playroom also has an outdoor patio, complete with shade and pool. All play groups will also take turns and play in our 7000 square feet fenced outdoor yard!

Overnight Boarding. Whether your dog spends the day with us, or needs a home away from home at night, you can feel confident that your dog will get the best care possible. Our spacious Overnight Suites keep your pet comfortable, safe and happy. All overnight guests participate in daycare during the day.

Training. We have two certified dog trainers – Roy Scarborough and Cathy Thrift. We offer training during your dog's daycare or boarding stay, group classes, and private training sessions.

Grooming. We offer full service grooming! Please pick up our groomers' business card to learn more and to schedule an appointment!
