MAINTAIN & SAVE THIS FALL

845C McDonald Street, Regina, SK • 306.789.4710 • info@kineticautoservice.ca

Since 2011, Kinetic Auto Service has been serving up quality repairs, excellent communication and a side order of fun humans to deal with. Whether you're in need of an oil change, a brake inspection, or your drive through window stopped working, we're here to put your mind at ease and get your vehicle back in new condition (and save you the embarrassment of not being able to put your window down at Timmies). In 2020, we were honoured to be named Canada's Shop Of The Year by a prominent industry magazine, which was a huge accomplishment for Erin (our fearless leader), as she has been reading this magazine since she entered the trade, 15 years ago and had dreamed of receiving this award. As Regina's only auto repair shop that is 100% female owned, we work hard to ensure that the people who feel taken advantage of at other shops, such as women and the LGBTQ+ community, know that we are here to take care of them and their vehicles. Come check us out, you won't be disappointed!
