Designated Driver Service

WHY WE DO THIS

On July 21, 1989, our family received the phone call that no family wants ever. Our eldest, Shayne Michael Lolacher, was killed as a passenger of an impaired driver in BC. The vehicle ran a red light, swerved to miss an oncoming vehicle and collided twice with a BC transit bus. The impact ruptured Shayne's aorta, killing him instantly.

We look at it as though EVERY passenger is another potential family that we have saved the devastating heartache of losing a loved one. Our service truly is a labour of love and one that we are more than happy to offer.
