

TIEMAC TECHNOLOGIES INC

Capability Statement

Tiemac Technologies, Inc (Tiemac) develops and applies cutting-edge technologies to solve transportation and operational logistic challenges in ground transportation.

Tiemac Solutions applies artificial intelligence, big data, machine learning, mapping, GPS and cloud technologies to increase operational profitability through increased vehicle utilization, increased end to end visibility, reduced vehicle miles travels and cost inefficiencies.

Tiemac's Services Offerings

Tiemac CrewAccount IoT Telematics and Fleet Management Solution is an End-to-End IoT, Advanced Telematics and Fleet Management Solution for the over the road commercial trucking sector. www.tiemacinc.com

ZYPPS is a Transport Network Company (TNC) Marketplace

The underlying technology serves all sectors of the ride sharing, first and last mile delivery and the on demand bus transport services markets with an optimized more efficient approach to other providers. www.Zypps.com

Tiemac Long Haul Transportation and Logistics:

This is Tiemac's Long Distance Load Interchange (TLDLI) solution allowing cross country deliveries to be done in up to 50% less time. The technology matches loaded trucks going in opposite directions over long distances allowing load interchange half way between pick up and drop off. www.Tiemaccorporation.com

Key Differentiators

Tiemac has over 50 years experience in providing unique technologies, platforms and integrated solutions in the ground transportation sector for improving operational and logistic efficiencies in moving people and or things from any point A to point B over any distance.

TIEMAC'S COMPETITIVE EDGE

Why are Tiemac's solutions better than its competitors'?

Tiemac has proven, through applied academic research and customer feedback, that its solution provides efficiencies of up to 50% in terms of increase vehicle utilization and cost reduction.

WHAT DO CUSTOMERS GET IN TIEMAC'S SOLUTIONS?

- * Increase operational efficiencies of up to 50%
- * Time and money savings
- * Operational end to end visibility

SOME OF TIEMAC'S CUSTOMERS

- Microsoft
- Government of Jamaica
- NBT Trucking
