**From Rachael Watson
 2023 President of PCRW**

It is with great pleasure that I wish you a happy New year full of happiness and success in your personal and professional lives.

It is with great pride that I take the helm of our leadership and I hope that continued transparency and activism creates a fire for all to get informed and involved. Parker County Republican Woman continue to educate and empower women and citizens of our community. 2023 will bring many great messages from PCRW and the leadership and I look forward to sharing them with our members.

2022 was a very busy year for all Republican Women in Parker County. Many of you took the time to educate and motivate our voters to keep Parker County Red. Many of you rallied behind our fearless leaders with their long campaign efforts. In addition, many Parker County Republican Women worked as election judges, poll watchers and tally counters to ensure that our election process was held to the highest standards. Although your tireless efforts pay nothing, your efforts are sincerely appreciated and honorable.

As our Club continues to grow in numbers, so does our voice, our political impact and our mission. Parker County needs voices to stand for Texas and our nation in these trying times. PCRW has a loud voice and continues to make impacts in our precincts where it is heard the loudest. We must not forget that Socialism is knocking at our door and it’s time to shut it down. Stay vigilant and continue to support our Constitutional Republic and all that it stands for.

As we enter the New Year with cheer, hope and joy in our hearts, I wish you al a year full of happiness, health and success. Have a wonderful New Year!

From Zan Prince 2022 President of PCRW

Friends,

Happy 2023! It's a new year with a fresh start. 2022 was probably the most hateful, dishonest campaign season that I've ever witnessed. Candidates or their surrogates falsely attacked and accused their opponents. Many opponents reacted to the attack, and nobody really talked about the issues. We lost key races across the country because we got distracted from the very real issues. Parker County, Texas, and the United States need to have our very real problems debated and addressed without personal attacks. AND our side has the right answers to those problems! Just think about it...who wants the Democrats version of "good" government: open borders, unlimited handouts, and out of control government spending that results in out of control inflation? Who really wants to leave American oil and gas in the ground while we buy from OPEC, Venezuela? Who really believes that a nuclear armed Iran is beneficial to the United States or any other country in the world?

Friends, Republicans could have control of the White House, the United States Senate, and the House of Representatives because we have answers to the problems. We need to stand up, stay focused on issues, refuse to get in the mud, and do the right thing for America. Republican friends, please refrain from contributing to the mud fight. If you hear something inflammatory, don't assume it's true and don't react as though it's true. Please don't say, "if that's true, then..." before you know. I heard a lot of folks complaining about the quality of the Republican nominees in the Pennsylvania and Georgia Senate races. Now there's two problems with complaining about the nominee. First, the Republican primary voter put them on the ballot. Second, the choices in the primary may be less than we would like because there's a whole lot of potential candidates waiting on us to stand up for them, to stop believing every accusation. Remember, Justice Kavanaugh was accused of all kinds of insanity that turned out to be false. President Trump was investigated for a Russian hoax created and spread by Hillary Clinton that turned out to be false.

Our Party discussion is a family matter that needs to be private, then supported by the whole. We need to STOP fighting with each other and start working together against Democrats.

Our government is based on the integrity of the individual, on personal accountability. It's time to stop rewarding bad behavior in campaigns. We need to stand up for what's right, for those that are attacked! Then we need to vote! We'll have another chance to put America back on course, and we need to make sure that we do just that. Please prepare to be in the fight for our country in the next and every election!

Congratulations to Rachael Watson, our 2023 PCRW President. Let's stand with her to make a difference in our community.

May God continue to bless each of you and the United States of America!

Zan Prince
