

# INVESTOR'S ROADMAP

**more info - [foodriver.site](http://foodriver.site)**

**Dear Investors!**

**The FooDriver Team is very happy to announce that our App is fully completed and ready to be used. We are now moving to the next stage, the development of the smart contract and tokenisation of the project. This will fasten and will give more guarantees for your investment profit.**

**This investment option gives investors the opportunity to triple their investment within 4-5 months because with more money invested we get the possibility to add more professionals to the team in order to fasten all the processes. Minimum investment amount: 485.000USD**

# STAGES AND GOALS OF THIS ROUND

## 1

Creating a smart contract,  
connecting it to an already  
functioning App,  
configuring/testing. Adaptation  
of the dApp in the previously  
agreed geographic jurisdiction.  
Time: 2-3 month

**2**

**Obtaining an opinion from an international, third party agency on the Utility Token.**

**Time: 1 month**

**3**

**Creating and developing the project community in the main social networks.**

**Time: 4-5 months**

**Goal: To get 50-70 thousand loyal members.**

**4**

**Getting an expert opinion on the smart contract at an international, third party agency.**

**Time: 1 month**

**5**

**Submitting the documents for the company registration in a Dubai Free Zone.**

**Time: 1 month**

**6**

**Preparation of the documents and filing an application for a listing on a cryptocurrency exchange.**
