New boy's school lecture hall

\$30,000

New Boy's Lab

\$25,000

It is a proven fact that education empowers communities and gradually eradicates poverty. It creates tangible positive changes in people's lives in the long run, especially within developing communities. For this reason, providing quality education is amongst DRF's top objectives. For the last 15 years, hundreds of students have graduated from DRF schools and have been accepted at the most prestigious colleges and universities in Iraq. However, there is still a great need for quality schools within the country. DRF has received a building in Iraq as a gift to be used as a junior high school (9-7 grade). The building needs about 200,000\$ in funds to be fully converted and equipped into a comprehensive school that can cater to the needs of its valuable students. There is a great opportunity to dedicate any of the 6 classrooms, the library, the laboratory or the lecture hall to a loved one. By donating 20,000\$ for a classroom, you can name it after your loved one, 25,000\$ for the library or the science lab, and 30,000\$ for the lecture hall. The deadline to do so is September 2021, since DRF aims to enroll and serve these students in the upcoming fall semester.

Your valuable donation will create a perpetual opportunity to empower orphans and less fortunate students and change their lives forever. Our goal is to begin educating an additional 180 students come September 2021. We count on you, our valuable supporters, to enshrine the culture of education and hard work within these young orphans and ensure them a bright future. Please help us achieve our momentous goal. Thank you, and may Allah bless you.
