

## FOAM" EXTINGUISHERS 3-6-9 KG

Auxiliary Pressure- Water with premixed additive

PERFORMANCES		Innovation
3L	8A-89B-40F	
6L	21A-183B-75F	
9L	27A-233B-75F	

The range of auxiliary pressure extinguishers with ecological additives meets your requirements in terms of the environment and long-term use. Ideal for optimum user safety, this range combines environmental protection, performance and aesthetics. For use on class A (wood, paper, etc.), B (diesel fuel, etc.) and F (oil, cooking, etc.) fires. Designed in compliance with regulatory requirements and with an eco-design approach, it meets the needs of industrial, tertiary, food-processing and domestic activities.

### SECURITY:

- Strong, non-injurious metal handle,
- Compact design,
- Easily identifiable extinguishing agent,
- Among the highest-performing extinguishers in its class.

### PERMANENT PRESSURE BIO RANGE 3 LITERS:

- Pressure gauge for checking that the unit is operational at all times,
- Fast, safe maintenance thanks to a valve equipped with a valve and control piston.

### AUXILIARY PRESSURE BIO RANGE 6 – 9 LITERS:

- Immediate identification of percussion by indicator light and non-repositionable pin,
- Ergonomic 360° pistol grip for improved fire attack.
- Wide opening for easy reloading and maintenance,
- Corrosion-resistant aluminum plug and large studs (M10).

### MAINTENANCE:

- Easy maintenance without denaturing the additive and rejecting mixed water.

### ENVIRONMENT:

- Non-corrosive, non-toxic additive 100% plant-based,
- Natural components exceeding REACH requirements,
- Interrupts bacterial growth

Eurofeu offers a reprocessing service for end-of-life extinguishers.

### PRODUCT BENEFITS

- Innovation and exclusivity recognized by numerous awards and distinctions
- Range available from 3 to 50 L
- Biodegradable - Biodegradable
  - Natural regeneration of the contaminated environment.
  - Restoration of biological balance
