A Big Achievement of Al-Salihah Academy

Once again, Al-Salihah Academy has made history in the academic year 2022-2023, empowering its students and securing placements for them in top-ranking universities. Among the 32 female students who graduated from the school, many of whom are orphans, 9 were admitted to medical schools, 5 to dentistry schools, 5 to pharmacy schools, while the remainder secured placements in para-medical schools. This remarkable achievement was made possible through your generous support for this noble cause. As we enter the blessed month of Ramadan, I extend my heartfelt wishes for blessings and fulfillment to you and your families. I also humbly request your continued support for those in need during this sacred month. Ramadan Mubarak.

Sayed Ali Ghazvini

Change the Future of an
Orphan by Sponsoring One
for Only \$75/month

Ramadan Relief Packages and Eid Gifts

\$130

Feed a family of four
for a week with only
\$35, or with \$130
