KaVo RELAXline Soft Upholstery. Graphite

Softer than ever,
ergonomic as always.

STYLE

DESIGN

HANDMADE

Relaxation you can see.

You will see: the fascinating, elegant colour – Graphite or Cashmere – and the superb design. You will feel: the extremely comfortable memory foam, covered in a soft and smooth material. Your patients will say: "Rarely have I been so comfortable at the dentist, even during longer treatments."

Also available with Comfort backrest in Graphite and Cashmere.

KaVo RELAXline Soft Upholstery. Cashmere

ELEGANCE

SOFTNESS

COMFORT

Softness in its most attractive form.

- Soft upholstery made of memory foam and a leatherette cover
- Attractive, soft-cover that looks and feels like leather
- Cover is antimicrobial protection certified, in accordance with EPA regulations (United States Environmental Protection Agency)
- High-quality, hand-sewn designer stitching
- Exclusively manufactured by hand in Germany
- Available in two new colours – Graphite and Cashmere – exclusive to the KaVo RELAXline Soft Upholstery
- For seat cushions, the Progress and Comfort backrests, double-joint headrest with mechanical/pneumatic locking and motorised headrest

KaVo PHYSIO also available in Graphite and Cashmere, without memory foam and designer stitching.

Dental Excellence in any area.

Equipment for the practice

KaVo treatment units, treatment lights, practitioners' chairs, patient communication systems, dental microscopes and further accessories for the dental practice.

Instruments

Dental hand pieces and contra-angle hand pieces, turbines, air polishing hand pieces and small devices for all areas of application from diagnostics via prophylaxis to restoration, surgery, endodontics and instrument care and maintenance.

Imaging
