The Health Insurance Portability and Accountability Act (HIPAA), a 1996 federal law, provides privacy protections and patient rights with regard to the use and disclosure of your Protected Health Information (PHI) used for the purpose of treatment, payment and health care operations. HIPAA requires that I provide you with a Notice of Privacy Policies and Practices (the "Notice") for use and disclosure of PHI for treatment, payment and health care operations. The Notice, which is attached, explains HIPAA and its application to your personal health information in greater detail. Although the Notice is lengthy and sometimes complex, it is very important that you read it carefully.

The law requires that I obtain, at the end of this session, your signature acknowledging that I have provided you with this information. Please sign the attached copy of this letter, acknowledging that I have provided the Notice to you. We can discuss any questions you have about the procedures at our next session.

I acknowledge receiving the Notice of Licensed Clinical Social Workers' Policies and Practices to Protect the Privacy of Your Health Information, dated April 14, 2003.

## **Notice of Licensed Clinical Social Workers' Policies and Practices To Protect the Privacy of Your Health Information**

THIS NOTICE DESCRIBES HOW PSYCHOLOGICAL AND MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

### **I. Disclosure for Treatment, Payment and Health Care Operations**

I may use or disclose your protected health information (PHI) for certain treatment, payment and health care operations purposes without your authorization. In certain circumstances I can only do so when the person or business requesting your PHI gives me a written request that includes certain promises regarding protecting the confidentiality of your PHI.

To help clarify these terms, here are some definitions:

- “PHI” refers to information in your health record that could identify you.
- “Treatment, Payment and Health Care Operations”
  1. Treatment is when I or another health care provider diagnoses or treats you. An example of treatment would be when I consult with another health care provider, such as your family physician or another mental health professional, regarding your treatment.
  2. Payment is when I obtain reimbursement for your healthcare. Examples of payment are when I disclose your PHI to your health insurer to obtain reimbursement for your healthcare or to determine eligibility or coverage.
  3. Health Care Operations is when I disclose your PHI to your healthcare service plan (for example, your health insurer), or to your healthcare providers who contract with your plan to administer the plan, such as case management and healthcare coordination.
- “Use” applies only to activities within my office, such as sharing, employing, applying, utilizing, examining and analyzing information that identifies you.
- “Disclose” applies to activities outside of my office, such as releasing, transferring, or providing access to information about you to other parties, such as the billing company I employ.
- “Authorization” means written permission for specific uses or disclosures.

## Psychotherapy Guidelines

This is designed to explain a variety of issues which often come up in the course of clients' sessions. Please take the time to read it carefully. After you do so, I would be glad to answer any questions, hear any reaction, or respond to any suggestions you may have.

**Appointment Times** – Individual sessions are 45 minutes. Some group, family or couples sessions may be scheduled for longer intervals.

**Payment** – Fees are paid at each session. If you have a need or preference to pay on a different payment schedule, talk to me so that we can make an alternative plan.

**Cancellations** – If you need to cancel an appointment, you may reschedule within the same week provided that we can find a mutually agreeable time. If you need to cancel and cannot reschedule you are responsible for payment for the missed session. (I will fill your reserved time with any person standing by for an appointment on a cancellation basis.)

### **Insurance – Out-Of-Network**

I am Out-of-Network (non-preferred, non-participating) with your insurance company, I will collect payment from you in full at each visit and Reliable MH Billing Services will submit a claim to your insurance company for payment (payable to you).

**Telephone Charges** – I am available for consultation by telephone at times other than your scheduled appointments. For telephone calls lasting longer than 5 minutes, you will be charged a fee proportionate to your regular session fees.

**Confidentiality** – Whatever transpires in therapy is confidential, privileged information. You are the holder of the privilege. I will not release any information about you or your therapy unless you give me written permission to do so. A therapist, however, is required by law to inform the proper persons and authorities if a patient intends to harm himself or herself, or another person, or in cases of actual or suspected child abuse or neglect, or elder abuse. If you participate in group therapy, you agree not to discuss what transpires among the members and therapist outside of the therapy sessions.
