PORTABLE HYPERBARIC CHAMBERS

Quamvis320

Our newest and most innovative design, the Quamvis320 is the most secure, portable soft-walled chamber on the market. A spacious 32" diametric interior and exterior frame concept provides a large, non-obstructive interior and unique support system for patients to enter/exit the chamber with ease. This chamber can fit two adults and is fully equipped with dual pressure control valves for physician and self-treatment capabilities. Strategically angled air-in port and tamper-proof redundant pressure regulators maintains consistent circulatory air flow within the chamber. Extreme performance reinforced ballistic nylon jacket and external "SafeSet" buckling system make this chamber exceed our superlative safety specifications, while remaining practical for clinical and personal use. This cutting-edge design with all medical grade components ensures safe and long lasting functionality for years.
